

## TESTIMONIAL

Willand Primary School is an excellent example of a positive educational experience. It is exemplary in its high standards of education and conduct with dedicated staff who go far beyond the extra mile.

The head teacher, Miss Hawkins, is an admirable leader and force behind the success of the school. Her passion and commitment are plain to see and her seemingly boundless energy must surely only inspire her team further. There is an atmosphere of camaraderie and goodwill which the children naturally benefit from too.

The standard of class assemblies, concerts, plays and special events is outstanding. The children have the opportunity to perform in musical extravaganza's and an annual carol concert as well as other calendar events such as the Harvest Festival. These basic elements have been lost in so many schools and it is wonderful to see them flourishing at Willand.

Perhaps the most important attribute is the underlying focus for well being; from the strongly held anti-bullying ethics through to the nurturing of those lacking confidence, or the general encouragement of self respect as well as respect for others.

I have been very grateful and proud for my daughter to attend Willand school and would strongly recommend this school to anyone wanting an excellent start in life for their child.
